Bassett Furniture helps out ICAN

SANTAN SUN NEWS STAFF

Bassett Furniture donated nearly \$10,000 worth of furniture to ICAN, the Chandler nonprofit dedicated

to equipping youth to achieve personal and academic success by tackling substance abuse, gang involvement and juvenile delinquency. Bassett Furniture said it will make over the

group's administrative area "to provide staff with a co-creative environment that will allow them to collectively brainstorm ways to continue to grow ICAN and the impact its programs

have on Chandler youth." ICAN was selected for this donation because of the organization's positive impact on the Chandler community, Bassett representatives said.
