Meet Henry....

ICAN began in 1991 when Henry saw a tremendous amount of gang violence in Chandler. He started talking with gang members to see what it would take to get them off the streets. They told Henry that they had no where to go and no money to attend local youth centers. Henry then made a promise to help these youth change their lives.

What started as meetings and basketball games at local parks and schools is now a fully accredited non-profit organization that serves over 500 youth each year. Henry made a promise many years ago, and that promise has been continued by many dedicated board members, volunteers, donors and staff throughout the years.
