# Thank You Verizon

Thank you to **Verizon Wireless** for supporting ICAN's **STEM for Success** program this past year with a \$25,000 grant. ICAN's STEM programs teach

youth to think critically and work as a team to solve problems. The photo here is youth learning about density and buoyancy.

ICAN is a free youth center in the East Valley that offers programming for youth, teens, families and the community. ICAN's nationally-recognized prevention programming teaches disadvantaged youth real-life skills including goal setting, positive decision making and how to avoid the risky behaviors that are prevalent in the community ICAN serves.
