PHOTOGRAPHY LIFESTYLE MEDIA & BRANDING | PHOTOGRAPHED ON-SITE AT CHANDLER CENTER FOR THE ARTS

HEATHER ANGUIANO

OCCUPATION:

Principal, Hartford Sylvia Encinas Elementary

The words Heather Anguiano strives to live by are, "Be the change you wish to see in the world."

This principal of an elementary school dedicates herself to volunteerism serving on the executive board for Si Se Puede Foundation and as the district liaison of Chandler CARE Center, which provides free and low-cost dental and medical services to underinsured children.

"I have always enjoyed helping people and getting involved in my community. Being a teacher and administrator has allowed me to work directly with children and families while making a difference in their lives and preparing them for their future," she says.

She truly embraces being that change she wishes to see in the world.

"I have always had a passion for working with underrepresented populations."—MG
