

ICAN Mission Moment

ICAN recently received a \$5,000 STEM grant from Intel to start a **Robotics Lego League**. With this grant, ICAN was

able to purchase the equipment needed to start the club including new computers and robotic Legos.

Anna Prakash, Ph.D., from Intel will be volunteering her time along with other Intel staff members. Anna and her co-workers came a few weeks ago to offer the program to 35 ICAN youth to engage interest and get the ICAN members excited about the club starting in the fall.

ICAN is a free youth center in the East Valley that offers programming for youth, teens, families and the community. ICAN's nationally-recognized prevention programming teaches disadvantaged youth real-life skills including goal setting, positive decision making and how to avoid the risky behaviors that are prevalent in the community ICAN serves.
