For more than 10 years, Pinnacle Financial Advisors has supported ICAN, a Chandler nonprofit aiding local youth in academic and personal achievement. As illustrated in this graphic, our efforts have helped provide life skills programming to hundreds of students who feel brighter about their futures as a result.

We are proud to partner in a number of capacities:

- We help manage the organization's investments and provide financial planning guidance. We are a member of the organization's Henry Salinas Society. Named after ICAN's founder, the Henry Salinas Society is a distinguished group of champions dedicated to preserving a foundation for ICAN's future.
- Our Director of Business Development **Scott Bourdo** is highly active with the organization. In 2018, he was recognized for his long-standing commitment with ICAN's Henry Salinas Society Heroes Award. For more than a decade, he has helped raise funds for the organization, playing a large role in the construction of the organization's new facility.

Based in Chandler, ICAN is a nonprofit that provides free, family-centered services to help youth in the East Valley achieve academic and personal success. ICAN youth are able to participate in after school programs focusing on life skills and STEAM (Science, Technology, Engineering, Arts & Math).
